Created by marionette artist
Phillip Huber

*A professional quality marionette
designed for commercial sale.*

This sophisticated 11-string marionette is a Collector's Edition art piece as well as an excellent working tool for a budding puppeteer. A unique paddle control bar makes it easy to achieve ultimate movement from its animated ears, tail, head, and legs. The puppy measures 7.5 inches tall and 9 inches long while standing on all four legs and may be displayed in its box. The package includes a brush, registration papers, and our instructional DVD, "The Care & Training of Your Puppy", which features clear step-by-step demonstrations to assist you in the manipulation of this marionette. Each one is hand-assembled in the USA. There is nothing on the market like this.
